

# GREAT TRIBUTE TO MAYOR PLANNED BY COMMITTEE

Will Get Loving Cup on First Anniversary of His Attempted Assassination.

In addition to United States Senator T'Gorman and A. Barton Hepburn, who will make addresses on the occasion of the presentation of a large loving cup to Mayor Gaynor Aug. 9, one year from the day he was shot by Gallagher, Mayor Gauin and City Clerk Bauset of Montreal will be present to address the Mayor. John D. Crimmins, chairman of the committee, said to-day that the remarks of the Mayor of Montreal will be interesting in view of the approaching era of new relations and good will between Canada and the States. Mr. Crimmins added:

"Please let my friends be informed that subscriptions are not solicited for this affair, as a few of the Mayor's friends who do not desire their names to be known at this time will provide for any expense connected with the presentation of the loving cup which have been disappointed in not being able to subscribe, are going to send flowers."

"There is another thing which I hope the public will understand, that admission to the Aldermanic Chamber will not be by card, so it is impossible to come in with the names of cards being received for the issuance of cards."

Mr. Crimmins also announced for the first time a complete list of the Committee in charge:

SKATED TOO FAST THIS TIME.

Daniel Gallagher Loses Reputation and Breaks Bones by Bump.

Daniel Gallagher has long enjoyed the reputation of being the fastest roller skater along Park avenue in Harlem. He is fifteen years old and he is a proud of his fame. But he made a poor showing when he fell over a broken arm and a fractured rib, which injuries have necessitated his taking temporary lodgings in Harlem Hospital.

Daniel was skating along the pavement of Park avenue, between One Hundred and Eleventh and One Hundred and Twelfth streets, at noon yesterday, moving with velocity that had seemed to put him far ahead of other boys. He skated accidentally into a wagon, and was going so fast the collision broke his left arm and one of the ribs on the left side. The slow skaters are saying that if Daniel had not been so rapid he would have escaped getting hurt.
